

A complex collage of images related to global destruction and sci-fi. At the top, several military helicopters fly against a blue sky. To the right, a UFO and a satellite are visible. The central part of the image features a large, glowing Earth with several bright, streaking meteors or asteroids hurtling towards it. On the left, a soldier in a white tactical suit stands prominently. Below him, a superhero in a blue cape and mask is visible. The bottom right corner shows a cityscape under a fiery, orange-red sky, with a large, mushroom-shaped nuclear explosion in the foreground. The overall tone is one of impending doom and global catastrophe.

EARTHSHAKER

The Coming Global Destruction

2012 Is it the End?
